Silver Spring, MD 20904

Subject: Label Amendment
Product Name: Intace Fungicide B-6773
EPA Registration Number: 74075-1
Amendment Application Date: July 9, 2013
EPA Received Date: July 11, 2013

Dear Ms. Griffin,

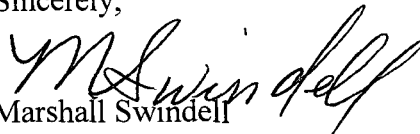

The application referred to above to add personal protective equipment (PPE) and environmental hazard information submitted under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), Section 3(c)(7)(a) as amended, is acceptable.

Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) and section 4(a) when the Agency requires all registrants of similar products to submit such data.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one (1) copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions concerning this letter, please contact Amaris Johnson at johnson.amaris@epa.gov or (703) 305-9542.

Sincerely,

A handwritten signature in black ink, appearing to read "M Swindell", written over the printed name.

INTACE FUNGICIDE B-6773

FOR INDUSTRIAL USE ONLY

[Broad Spectrum Industrial Fungicide]

[Mildewcidal Additive for Coating Surfaces]

[Broad spectrum fungicide for non-food applications.] [For control of fungal growth in exterior and interior paints and coatings, adhesives, caulks, sealants, and aqueous and solvent based paper and paperboard applications.]

Active Ingredients:

Diiodomethyl p-tolyl sulfone	12.08%
Chlorothalonil (tetrachloroisophthalonitrile)	28.30%
Other Ingredients	59.62%
Total	100.00%

KEEP OUT OF REACH OF CHILDREN
WARNING

See side panel for additional Precautionary Statements

Manufactured For
Intace
91 Rue du Faubourg Saint Honoré
75008 Paris France

NET CONTENTS:

[either one or the other of the following content information will be used:]
5.23 gallons (55 lbs.) [or] 212.67 gallons (2200 lbs.)

E.P.A. Reg. No. 74075-1

E.P.A. Est. No. 74086-FRA-001

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Do not get in eyes or clothing. Wear protective eyewear (goggles, face shield). Harmful if inhaled. Avoid breathing spray mist. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Occupational handlers must wear chemical resistant gloves when handling.

FIRST AID	
Call a Poison Control Center or doctor for treatment advice.	
If in Eyes	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
If Swallowed	<ul style="list-style-type: none"> Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If Inhaled	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For Medical Emergency ONLY call: 24 Hour Emergency Response Number	

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

[Statements in brackets are optional and may appear anywhere on the label, italicized bracketed statements indicate comments that will not appear on printed label.]

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Intace Fungicide B-6773 is intended for use as an industrial mildewcide for the control of fungal growth in [paper and paperboard applications] exterior and interior paints and coatings, adhesives, caulks, and sealants. Because it is a blend of active ingredients, Intace Fungicide B-6773 is a broad spectrum fungicide that will remain active in suppressing mold growth for a long period of time.

NOT FOR USE IN PAPER, PAINTS, COATINGS, ADHESIVES, CAULKS, OR SEALANTS THAT WILL COME IN CONTACT WITH FOOD.

Paper and Paperboard Applications

Intace Fungicide B-6773 is for use in industrial applications for nonfood-use paper and paperboard including:

- packaging soap bars
- manufacturing file folders, boxes and other storage devices for items to be stored for long periods
- Incorporation into or onto paperboard products including: corrugated boxes and cartons, carton board (carrier board), and folding cartons which are used for holding packaged beverage products such as cans, pouches and bottles
- coverings for insulation, wallboard and other construction materials
- bottle labels, including for water bottles, and other labels

Use at levels of 350 ppm – 5000 ppm active ingredient in the paper

Paints, Coatings, Adhesives, Caulks, Sealant applications

Add Intace Fungicide B-6773 to the coating solution at levels of 2 gallons/1000 gallons to 20 gallons /1000 gallons.

The product is chemically inert and will not react with the other ingredients in the solution. The exact concentration level will depend on the substance to be protected, the fungal hazard, and the duration of the product desired. It is the responsibility of the formulator to test Intace Fungicide B-6773 for optimum dosage levels and to determine compatibility and suitability for the intended use.

[Statements in brackets are optional and may appear anywhere on the label, italicized bracketed statements indicate comments that will not appear on printed label.]

This product must not be formulated into a product intended as a mildewcidal paint additive designed for direct sale to retail customers, e.g., in "pillow pack" or other small volume or one-use package.

This product must not be used to formulate products for use as in-container preservatives.

This product may only be formulated into mildewcidal paint additive products that are labeled as follows:

This product may only be added to paint products that are labeled, a) with product specific instructions for the use of a respirator during application, or b) as follows: "When applying with a sprayer, wear a dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C), or a NIOSH approved respirator with any R, P, or HE filter. If oil is not present in the paint product or recommended for use as an additive in the paint product, add "N" as an additional respirator type."

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water.

Pesticide Disposal: Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Fill the container ¼ full with water and reclose the container. Agitate vigorously, and dispose of rinsate consistent with pesticide disposal instructions. Repeat two more times. Then offer for recycling if available, or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration.

[Statements in brackets are optional and may appear anywhere on the label, italicized bracketed statements indicate comments that will not appear on printed label.]
